Section 1 - Product and Company Identification

Product Name/Identifier: Robco EP-60, Robco EPP-60
Company Information: Robco Inc.
Address: 7200 St. Patrick, LaSalle QC Canada H8N 2W7
Telephone: 514-367-2252
Email: info@robco.com
Website: www.robco.com

Section 2 - Hazards identification

These products are non hazardous under normal usage conditions

Section 3 - Composition/information on ingredients

There are no substances in this product presenting a health or environmental hazard within the meaning of the Chemicals (Hazard Information & Packaging for Supply) Regulations

Section 4 - First aid measures

Inhalation: no specific measures required
Skin contact: no specific measures required
Eye contact: no specific measures required
Ingestion: no specific measures required

Section 5 - Firefighting measures

Suitable extinguishing media:
Water spray jet, foam, dry powder, carbon dioxide
Extinguishing media that MUST NOT be used: Not applicable

Special exposure hazard arising from combustion products, resulting gases:
Carbon monoxide, hydrogen chloride, sulfur oxides, nitrogen oxides, aromatic hydrocarbons, PAH’s, particulate matter, ozone, heavy metals.

Special protective equipment for fire fighting:
Use respiratory protection independent of recirculated air.

Section 6 - Accidental release measures

Personal precautions: No special measures required
Environmental precautions: No special measures required
Methods for cleaning up: Dispose of according to regulations

Section 7 - Handling and storage

General information:
No special protective measures required
Handling:
Normal safe handling practices must be applied
Storage:
Rolls should be stored horizontally
### Section 8 - Exposure controls/personal protection

**Personal protection equipment:** None required

### Section 9 - Physical and chemical properties

**Appearance:** Rubber, with possible occasional colored rubber chips

### Section 10 - Stability and reactivity

**General information:** If stored and handled in accordance with standard industry practices, no hazardous reactions are known

**Hazardous decomposition information:** Thermal decomposition in the presence of air may yield hydrogen chloride gas, carbon dioxide and carbon monoxide

### Section 11 - Toxicological Information

**General information:** No harmful effects have been reported to date

**Inhalation:** not applicable

**Skin contact:** no known hazard

**Eye contact:** not applicable

**Ingestion:** not applicable

### Section 12 - Ecological information

**Environmental fate and distribution:** The products have no mobility in soil; are insoluble in water; are not expected to bio-accumulate

**Persistence and degradability:** The products will not biodegrade

### Section 13 - Disposal considerations

Dispose of in accordance with local and national legislation

### Section 14 - Transport information

The products are not classified as dangerous for transportation

### Section 15 - Regulatory information

The products are defined as "not hazardous" in the Chemicals Hazard Information and Packaging regulations (CHIP3)

### Section 16 - Other information

According to the Hazard Communication Standard of the Occupational Safety and Health Administration, Requirement [29CFR1910.1200(b)(6)(v)] and Canadian WHMIS, MSDSs are required for all hazardous chemicals; however, these standards specify that the regulation does not apply to "articles".

"Articles" by definition of the Standard, "means a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacturing; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end
use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees.”

Disclaimer:
The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, storage, transportation and release and is not considered a warranty or quality specification. The responsibility for the compliance with existing law and regulations lies with the receiver of the product.
