SAFETY DATA SHEET
Product : Robco Mica 505
Date Prepared : May 29th, 2017

Section 1 - Product and Company Identification
Product Name/Identifier: Robco Mica 505
Other name / Synonym :
Company Information : Robco Inc.
Address : 7200 St.Patrick, LaSalle QC Canada H8N 2W7
Telephone : 514-367-2252
Email : info@robco.com
Website : www.robco.com

Section 2 - Hazards identification
Classification of the substance or mixture
The article is not classified as dangerous.

Dangerous health hazards
Not known.

Hazardous effects to the aquatic environment
Not known.

Physico-chemical effect
The article does not represent any classified physical or chemical hazards.

Classification according to Regulation (EC) No 1272/2008
Not classified.

Labelling according to Regulation (EC) No 1272/2008:
Not applicable. The product is an article.

Other hazards
The article is not classified as PBT or vPvB by the date of the Safety Data Sheet issue; the components are not stated either in Annex XIV of the REACH Decree or in the candidate sheet for Annex XIV of the REACH.

Section 3 - Composition/information on ingredients
Substances
Not applicable.

Mixtures
Not applicable.

The article contains no hazardous chemicals.

Section 4 - First aid measures
Description of first aid measures
The article is not dangerous.

Inhalation
Not applicable.
Skin contact
Not applicable.

Ingestion
Immediately rinse the mouth with potable water and drink 1-2 dl cold water. Do not induce vomiting. Call a physician and/or transport to emergency facility immediately.

Eye contact
Not applicable.

Most important symptoms and effects, both acute and delayed
Not known.

Indication of any immediate medical attention and special treatment needed
No specific antidote. Treatment of exposure should be directed at the control of symptoms and the clinical condition of the patient.

Section 5 - Firefighting measures
The material flammability is limited; it is flammable in case of fire of the surroundings approx. 5% of the organic part will burn.

Suitable extinguishing media
Water fog or fine spray. Dry chemical fire extinguishers. Carbon dioxide fire extinguishers. Alcohol resistant foams (ATC type) are preferred.

Unsuitable extinguishing media
None.

Special hazards arising from the substance or mixture
During a fire, smoke may contain the original material in addition to combustion products of varying composition which may be toxic and/or irritating. Combustion products may include and are not limited to: carbon monoxide, carbon dioxide etc.

Advice for firefighters
Wear positive-pressure self-contained breathing apparatus (SCBA) and protective firefighting clothing.

Section 6 - Accidental release measures

Personal precautions, protective equipment and emergency procedures
Avoid contact with skin. Use basic protective equipment, protective gloves and regular work clothes.

Environmental precautions
Prevent from entering into soil, ditches, sewers, waterways and/or groundwater.

Methods and material for containment and cleaning up
Removed mechanically. The material can be stored on a landfill according to local regulations.
Reference to other sections
Disposed of in accordance with section 8 and 13.

Section 7 - Handling and storage

Precautions for safe handling
There are no special requirements for material handling. The normal working and hygienic regulations. Use gloves and regular work clothes.

Conditions for safe storage, including any incompatibilities
Store in a cool, dry place in their original containers. Store away from sources of ignition. Keep out of the reach of children.
Storage Unlimited

Specific end use(s)
No information available.

Section 8 - Exposure controls/personal protection

Control parameters
Local exhaust ventilation or other technical measure to keep the concentration in the air below the exposure limits. Wash hands before breaks and after finishing work. Do not eat, drink or smoke. Avoid contact with food, animal feed and beverages.

DNEL : No information available.
PNEC : No information available.

Exposure controls
Use sufficient local ventilation of the workplace in order to keep the concentrations under the exposure limits. The person responsible for work safety and health protection will determine a monitoring procedure for the substance content monitoring in the workplace environment and the personal protection equipment specifications. The article does not contain any amount of the substances with critical values that have to be monitored at the workplaces.

Individual protection measures, such as personal protective equipment
Sufficient local ventilation at the workplace, usage of the required protection equipment.

Respiratory protection
Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines.

Eye/face protection
Normally it is not necessary.

Hand protection
During working wear gloves.

Skin protection
Use regular work clothes.

Environmental exposure controls
Not necessary.
Section 9 - Physical and chemical properties

<table>
<thead>
<tr>

Section 10 - Stability and reactivity

**Reactivity**
Stable under various conditions.

**Chemical stability**
The article is stable.

**Possibility of hazardous reactions**
No known under the recommended conditions of use.

**Conditions to avoid**
Not known.

**Incompatible materials**
Not known.

**Hazardous decomposition products**
In the case of thermal decomposition (pyrolysis) at temperatures above 250°C, toxic gases and vapors.
Section 11 - Toxicological Information
No data available

Section 12 - Ecological information

Toxicity
The article is not classified as harmful to aquatic organisms.

Persistence and degradability
The article is not biodegradable.

Bioaccumulative potential
Data not available.

Mobility in soil
Data not available.

Results of PBT and vPvB assessment
The article is not considered to be persistent, bioaccumulating and toxic (PBT).

Other adverse effects
Not known.

Section 13 - Disposal considerations

Specify waste treatment
Hand over the marked waste, including the waste identification sheet, to the contractual company authorized for the waste disposal according to the Waste Code. Any disposal practices must be in compliance with all national and provincial laws.

Specify the physical/chemical properties that may affect waste treatment options
Not known.

Discourage sewage disposal
Do not dump into any sewers, on the ground, or into any body of water. The article has a character of solid matter. Do not discard into the sewerage system.

Special precautions for waste treatment.
Not known.

Section 14 - Transport information

UN number
Not available.

UN proper shipping name
ARD/RID : Without limits.
IMDG : Without limits.
ICAO/IATA : Without limits.
Transport hazard class(es)
Not dangerous goods.

Packing group
Not available.

Environmental hazards
The article is not classified as goods dangerous for the environment during the transport.

Special precautions for user
Not known.

Transport in bulk according to Annex II of Marpol and the IBC Code
Not known.

Section 15 - Regulatory information
Safety, health and environmental regulations/legislation specific for the substance or mixture
Regulation (EC) No. 1907/2006 (REACH)
Regulation (EC) No 1272/2008 (CLP)
Regulation (EU) 830/2015

Chemical safety assessment
A Chemical Safety Assessment has not been carried.

Section 16 - Other information
Changes made in the safety data sheet in the revision
Version 8 Date 1.1.2016 Changes Total revised safety data sheet.

Abbreviations and acronyms
ADR : European Agreement concerning the International Carriage of Dangerous Goods by Road
DNEL : Derived No Effect Level
PNEC : Predicted No Effect Concentration
PBT : Persistent Bioaccumulative and Toxic
vPvb : Very Persistent, Very Bioaccumulative

Information Source and References
Information on this document is based on our best knowledge and current legislation. The Safety Data Sheet has been prepared on the basis of the original Safety Data Sheet provided by the manufacturer.

Full text of abbreviated H and P statements
None.

Instructions for training
Ordinary training for chemicals handling.
Other information
Information in this document is accurate according to our knowledge. All materials can bring an unknown risk and they should be used with extreme caution. Although certain risk is described in this Safety Data Sheet, we cannot guarantee that this is the only existing risk.

Disclaimer:
The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, storage, transportation and release and is not considered a warranty or quality specification. The responsibility for the compliance with existing law and regulations lies with the receiver of the product.
